

MEMORANDUM FOR: Assistant Director, Intelligence Coordination

FROM : Deputy Director/Intelligence

SUBJECT : Intelligence Support for Foreign Assets Control, Treasury

25X1A

1. The attached memoranda raise the question of whether, and to what extent, CIA intelligence support for a non-IAC activity such as Foreign Assets Control, Treasury, should be accomplished by dissemination of unevaluated reports of collection units, such as [REDACTED] reports, as distinguished from support accomplished through an evaluating office such as O/RR or O/CI. I am inclined to believe that there is too much of the former and not enough of the latter.

2. Will you please look into this situation and, in particular, compare any arrangements for the support of Treasury's Foreign Assets Control Unit with those recently established for the support of EDAC. I shall appreciate your recommendations.
